At the Heart of Senior Living

About Bethel's Home Care Services

For over 30 years, Bethel has been providing Home Care to the community. Through our Certified Home Health Agency (CHHA) and our Licensed Home Care Services Agency (LHCSA), Bethel can offer a wide range of services.

Clinical Support

From medication management to wound care, we design programs to help each person achieve their maximum level of recovery.

We provide care for those recuperating from a number of diagnoses such as joint replacement, stroke, surgery, and debilitating illnesses.

Care is also provided to people living with chronic illnesses such as diabetes, congestive heart failure and asthma, among others.

When to Consider Home Care

In addition to clinical services, the program also helps people who need assistance with bathing, dressing and other aspects of personal care. We also help with light meal preparation and household tasks.

Patients may be referred to Bethel's Home Care program directly from hospitals, their physician or nursing and rehabilitation centers.

Once we receive a referral, one of Bethel's registered nurses will go to the patient's home to evaluate their needs and create a comprehensive care plan.

Why Choose Bethel?
