If You Are Caring for a Relative:

- ◆ Do you have to leave them alone when you go to work?
- ◆ Do you rush home from running errands/going to appointments?
- ◆ Are you taking extra time from work to care for them?
- ◆ Do you need some help?

Our Social Adult Day program provides family members with peace of mind and respite from their demanding role of caregiver by offering a safe, social and supervised setting where their loved ones can enjoy the day with other people.

Instead of being isolated in their homes, seniors will enjoy a warm welcome when they arrive and companionship throughout day. Socialization, meals and supervision will give them security, too, as well as peace of mind.

Discussions and activities are designed to engage all participants under the skilled direction of our program specialists. Everyone is encouraged to join in at their own level of comfort.

There is always something to do at Seniors Connecting!
